

# DECKMATE SERIES SKIMMERS

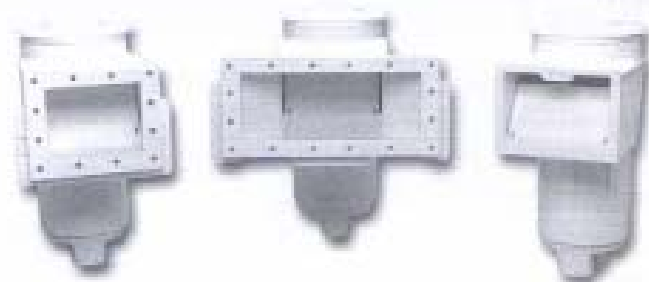

## Gunite/Vinyl Liner Pools

"Powered by"

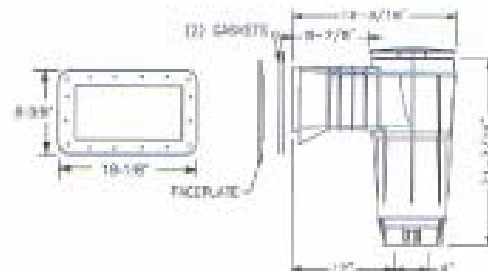

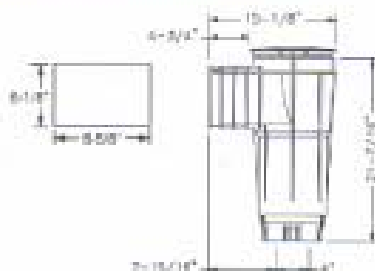

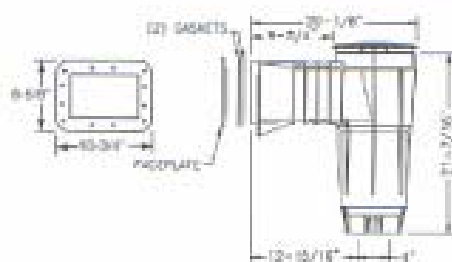

"The Best Quality Years At A Price!"

- **Flapper style weir** for high velocity skimming action from 10-55 gpm.
- **Largest strainer basket in the industry** for maximum debris collection with brass basket handle for durability.
- **Built-in rebar/tie-wire channels** to aid in mounting and locating of skimmer during construction.
- **Available with double 1-1/2" or 2" threaded or slip bottom connections.**
- **Available in standard or wide mouth configurations for vinyl pools.**
- **Rugged ABS construction** with structural ribs for extra durability.
- **Spacers included to accommodate steel wall pools.**

- **Adjustable grout ring** accommodates varied deck thickness. Grout rings may be stacked for maximum variation.
- **Standard industry bolt pattern** on vinyl standard and vinyl wide-mouth.
